

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Gratton School District

CDS Code: 50710840000000

School Year: 2024-25

LEA contact information:

Wendy Williams

Superintendent

(209) 632-0505

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2024-25 School Year

Projected Revenue by Fund Source

This chart shows the total general purpose revenue Gratton School District expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Gratton School District is \$2,223,939, of which \$1,724,425 is Local Control Funding Formula (LCFF), \$267,270 is other state funds, \$162,900 is local funds, and \$69,344 is federal funds. Of the \$1,724,425 in LCFF Funds, \$67,104 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Gratton School District plans to spend for 2024-25. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Gratton School District plans to spend \$2,301,697 for the 2024-25 school year. Of that amount, \$246,787 is tied to actions/services in the LCAP and \$2,054,910 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

Gratton Schools allocate other General Fund expenditures, which are not included in the LCAP, to cover a broad range of essential needs. These expenditures encompass salaries and benefits, ensuring we attract and retain high-quality staff. Additionally, funds are allocated for books and supplies to provide our students with the necessary educational materials. Services and operating expenditures are also covered to maintain smooth and efficient school operations. Furthermore, capital outlay investments are made to enhance our facilities, and other outgoing costs are addressed to support the overall functioning of our district. These strategic allocations are crucial for sustaining and advancing our educational mission.

Increased or Improved Services for High Needs Students in the LCAP for the 2024-25 School Year

In 2024-25, Gratton School District is projecting it will receive \$67,104 based on the enrollment of foster youth, English learner, and low-income students. Gratton School District must describe how it intends to increase or improve services for high needs students in the LCAP. Gratton School District plans to spend \$171,787 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2023-24

This chart compares what Gratton School District budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Gratton School District estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2023-24, Gratton School District's LCAP budgeted \$131,500 for planned actions to increase or improve services for high needs students. Gratton School District actually spent \$42,403 for actions to increase or improve services for high needs students in 2023-24.

The difference between the budgeted and actual expenditures of \$-89,097 had the following impact on Gratton School District's ability to increase or improve services for high needs students:

The difference between the total budgeted expenditures and the actual expenditures had no impact on the actions and services provided for high-needs students in the 2023-24 school year. This variance did not affect the level or quality of support and resources dedicated to these students, ensuring their educational experience remained robust and uninterrupted. Our commitment to addressing the unique needs of high-needs students remained steadfast, with all planned programs and services delivered as intended. This stability underscores our dedication to fostering an inclusive and supportive learning environment for every student.

2023–24 Local Control and Accountability Plan Annual Update

The instructions for completing the 2023–24 Local Control and Accountability Plan (LCAP) Annual Update follow the template.

Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

We're pleased to report that all metrics for the 2023-24 LCAP met their intended goals, indicating that the actions were successful. Action 1.2 was not implemented in the 2023-24 School Year as no teachers were in need of Induction Support.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

The variance between Budgeted Expenditures and Estimated Actual Expenditures for Action 1.3 is due to the district purchasing supplemental resources and programs on two or three-year contracts to achieve cost savings. Although we did not spend the entire budget allocated for the 2023-24 school year, all planned supplemental resources and programs were successfully implemented.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

Action 1.1 resulted in a positive FIT report indicating great success in that goal. As described above, Action 1.2 was not carried out this year as no teachers were in need of Induction Support. Action 1.3 was successful in ensuring that all students had access to curriculum in a meaningful manner, additionally, as reported in Metric 5 from Goal 2, our fifth grade students were successful in obtaining their goal, however our eighth grade students were not.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

In the 2024-2027 LCAP, we'll be focusing on two broad goals, incorporating minor adjustments to our current goals. This revised structure will better reflect our priorities and align Actions with the appropriate Goals and Metrics (as communicated above the Action of science supplemental curriculum was in Goal 1, whereas the Metric to assess the success of Science instruction was in Goal 2). Specifically, Metrics 1, 3, and 4, along with Actions 1.2 and 1.3 will remain in Goal 1. Action 1.2 will be included within an inclusive Action of Teacher Development. We will also make some adjustments to the Metrics to better align with the California Dashboard data.

Metric 2 and Action 1.1 will be moving to Goal 2 in the 24-27 LCAP.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
2	The district will use data driven information to assess the effectiveness of implementation of state board adopted academic content and performance standards for all students. Information will be used to make decisions about group and individual student academic goals both in the classroom and as a district to promote student progress.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
1. Percentage of student population meeting or exceeding the standard on California Assessment of Student Progress and Performance (CAASPP) for Language Arts and Math	1. 69.89% of the student population met or exceeded the standard for Language Arts and 65.59% met or exceeded the standard for Math for the 2018-2019 academic year.	67.5% of the student population met or exceeded the standard for Language Arts and 51.06% met or exceeded the standard for Math for the 2020-21 academic year.	67.02% of the student population met or exceeded the standard for Language Arts and 57.45% met or exceeded the standard for Math for the 2021-22 academic year.	62.64% of the student population met or exceeded the standard for Language Arts and 63.74% met or exceeded the standard for Math for the 2022-23 academic year.	The percentage of the student population meeting or exceeding the standard for Language Arts and Math will increase by 5%.
2. Percentage of Second Graders reading at grade level by the end of second grade	2. 83% of second graders were reading at a 2.9 grade level or higher by the end of the 2020-2021 academic year.	80% of second graders were reading at a 2.9 grade level or higher by the end of the 2021-2022 academic year.	82% of second graders were reading at a 2.9 grade level or higher by the end of the 2022-23 academic year.	81% of second graders were reading at a 2.9 grade level or higher at the end of the school year.	90% of second graders reading at a 2.9 grade level.
3. Percentage of English Learners reclassified	3. Data not reported due to group size	Data not reported due to group size	20% of English Learners Reclassified in the 2022-23 School Year based on Local Data interpretation.	25% of English Learners are eligible to be reclassified this School Year based on Local Data interpretation.	Maintain or exceed 20% English Learner Reclassification.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
4. Percentage of English Learners who have made progress toward English Proficiency as measured by the ELPAC	<p>4. Baseline scores were established in 2018-2019. Five students were tested for the ELPAC. Progress toward English proficiency cannot be calculated due to this being the first administration of the ELPAC.</p> <p>Level 4 Well Developed - 20% Level 3 Moderately Developed - 60% Level 2 Somewhat Developed - 20% Level 1 Beginning Stage - 0%</p> <p>90% of students have made progress toward English Proficiency as measured by the ELPAC.</p>	<p>2020-21 ELPAC Scores: Level 4 Well Developed - 0% Level 3 Moderately Developed - 75% Level 2 Somewhat Developed - 25% Level 1 Beginning Stage - 0%</p> <p>67% of students have made progress toward English Proficiency as measured by the ELPAC.</p>	<p>2021-22 ELPAC Scores: Level 4 Well Developed - 0% Level 3 Moderately Developed - 67% Level 2 Somewhat Developed - 33% Level 1 Beginning Stage - 0%</p> <p>50% of students have made progress toward English Proficiency as measured by the ELPAC.</p>	<p>2022-23 ELPAC Scores: Level 4 Well Developed - 20% Level 3 Moderately Developed - 40% Level 2 Somewhat Developed - 20% Level 1 Beginning Stage - 20%</p> <p>100% of continuing students have made progress toward English Proficiency as measured by the 2023-2024 ELPAC scores.</p>	95% of students made progress toward English Proficiency as measured by the ELPAC.
5. Percentage of student population meeting or exceeding the standard on the California Science Test (CAST)	5. 35% of the fifth grade and 43% of the eighth grade student population met or exceeded the standard on the CAST for the 2018-2019	50% of the fifth grade and 53.84% of the eighth grade student population met or exceeded the standard on the CAST	40% of the fifth grade and 46.67% of the eighth grade student population met or exceeded the standard on the CAST	64.7% of the fifth grade and 30.76% of the eighth grade student population met or exceeded the standard on the CAST	The percentage of the student population meeting or exceeding the standard on the CAST will increase by 10%.

Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

While our LCAP has seen inconsistent progress over the past three years, we successfully achieved the outcome for Metric 3 this year, and the achieved outcome for Metric 5 was limited to fifth graders. It's important to note that our relatively small student population can impact the ability to calculate the EL (English Learner) progress reporting in Metric 4. Additionally, with ongoing reclassification of English Learners and new student identification, language acquisition levels naturally fluctuate each year. We'll continue to monitor these factors and ensure our LCAP reflects the most accurate data available.

We're committed to analyzing the data and developing targeted strategies to improve student performance across all grade levels in the upcoming LCAP cycle.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

The variance between Budgeted Expenditures and Estimated Actual Expenditures for Action 2.2 is due to salary increases and enhanced services provided to students. Action 2.3 was implemented, but its services were funded through alternative sources. The difference for Action 2.5 is attributed to purchasing Language Development resources and programs as multi-year contracts to achieve cost savings for the district. While Action 2.5 was implemented, the necessary purchases were funded from a one-time alternative funding source specific to technology.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

The latest LCAP update shows that although we have not met all our goals, we have maintained stable academic performance across most areas. Actions 2.1, 2.2, 2.3, and 2.5 continue to effectively support student achievement. Additionally, Action 2.4 has successfully kept the reclassification rate of our English Learners at the targeted level.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

In the 2024-2027 LCAP, we'll be focusing on two broad goals, incorporating minor adjustments to our current goals. This revised structure will better reflect our priorities. To promote further improvement, we will evaluate our intervention programs for at-risk students. This evaluation will help us determine necessary adjustments or additions for the next LCAP cycle, aiming to provide at-risk students with the specific support they need to succeed.

All relevant metrics in this current Goal will now fall under Goal 1, except for Metrics 2 and 6, which will be eliminated. Actions 2.2 and 2.3 will be consolidated into broader categories: Academic Interventions Tier I and Academic Interventions Tier II & III. Additionally, Action 2.4 will be integrated into a comprehensive English Learners Action, and Action 2.5 will be part of the Supplemental Curriculum Action.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
3	The district will establish a positive and supportive school climate that encourages student engagement, attendance and parent participation. To support this, the district will place a heightened focus on social emotional learning for students by building trusting relationships among school staff and students and implementing behavioral supports.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
1. Every other year completion of Parent Satisfaction Survey: 1a. Return percentage rate of survey 1b. Average rating for district programs 1c. Average rating for classroom environment	1a. baseline will be established in year 1 1b. baseline will be established in year 1 1c. baseline will be established in year 1	Return percentage rate of survey = 52% Average rating for district programs = 4.47 Average rating for classroom environment = 4.73	As communicated in the Metric description, the Parent Satisfaction Survey is administered every other year, and will be administered again in 2024	Return percentage rate of survey = 47% Average rating for district programs = 4.7 Average rating for classroom environment = 4.7	Return percentage rate of survey = 55% Average rating for district programs = 4.5 Average rating for classroom environment = 4.8
2. 3. Percentage of suspensions.	3. 0% suspensions for 2018-2019 school year.	0% suspensions for 2020-21 school year.	0% suspensions for 2021-22 school year.	Elementary School - 0% suspensions for 2022-23 school year.	0% suspension rate

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
				Charter School - 0.8% suspensions for 2022-23 school year.	
4. Percentage of expulsions.	4. 0% expulsions for 2018-2019 school year.	0% expulsions for 2020-21 school year.	0% expulsions for 2021-22 school year.	0% expulsions for 2022-23 school year.	0% expulsion rate
5. Percentage of junior high drop out rate.	5. 0% junior high drop out rate for 2018-2019 school year.	0% junior high drop out rate for 2020-21 school year.	0% junior high drop out rate for 2021-22 school year.	0% junior high drop out rate for 2022-23 school year.	0% junior high drop out rate
6. Percentage of chronic absenteeism.	6. 0% chronic absenteeism rate for 2018-2019 school year.	0% chronic absenteeism rate for 2020-21 school year.	0% chronic absenteeism rate for Gratton Charter and 18.8% chronic absenteeism rate for Gratton Elementary for the 2021-22 school year.	0% chronic absenteeism rate for 2022-23 school year.	0% chronic absenteeism rate
7. High School Graduation Rate & Drop-out Rate	7. High School metrics are not included.	High School metrics are not included.	High School metrics are not included.	High School metrics are not included.	High School metrics are not applicable.

Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

We are pleased to announce that all actions under Goal 3 have been successfully implemented, with Metrics 1-7 meeting their targets for the 2023-24 LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

The variance between Budgeted Expenditures and Estimated Actual Expenditures for Action 3.1 is due to necessary purchases being funded from a one-time alternative funding source specific to Professional Development. Actions 3.2 and 3.3 were implemented through School Counseling services, and expenditures will be reflected in our budget at the end of the fiscal year. The difference for Action 3.4 is attributed to the Student Information System being purchased on a multi-year contract to achieve cost savings for the district.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

We are pleased to report that Metrics 1-7 successfully met their intended outcomes for the 2023-24 LCAP, demonstrating the effectiveness of Actions 3.1 through 3.4. In response to these achievements, we are committed to further enhancing our strategies. We plan to refine and strengthen our Social Emotional Development systems to build on this momentum, ensuring sustained and improved student success in these critical areas.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

For the 2024-2027 LCAP, we will streamline our focus into two broad goals, reflecting refined priorities through minor adjustments to our current goals. Metrics and actions previously under Goal 3 will be consolidated into the newly structured Goal 2. Metric 2, having been fully integrated into our school-wide culture and systems, will no longer be tracked separately but will continue as an action under Parent Engagement & Satisfaction. Metric 7 will be removed as it is not applicable to our district, which is not a High School District.

Actions 3.1 to 3.3 will be merged into a comprehensive Social-Emotional Development Action. Similarly, Action 3.4 will be incorporated into a broader Parent Communication Action, enhancing our approach to engaging and informing our educational partners.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Instructions

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education’s (CDE’s) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Complete the prompts as instructed for each goal included in the 2023–24 LCAP. Duplicate the tables as needed. The 2023–24 LCAP Annual Update must be included with the 2024–25 LCAP.

Goals and Actions

Goal(s)

Description:

Copy and paste verbatim from the 2023–24 LCAP.

Measuring and Reporting Results

- Copy and paste verbatim from the 2023–24 LCAP.

Metric:

- Copy and paste verbatim from the 2023–24 LCAP.

Baseline:

Goal Analysis

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

A description of any substantive differences in planned actions and actual implementation of these actions.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

- Describe the effectiveness or ineffectiveness of the specific actions in making progress toward the goal during the three-year LCAP cycle. “Effectiveness” means the degree to which the actions were successful in producing the desired result and “ineffectiveness” means that the actions did not produce any significant or desired result.
 - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
 - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
 - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
 - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
 - The reasons for the ineffectiveness, and
 - How changes to the action will result in a new or strengthened approach.

California Department of Education
November 2023

Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Gratton School District	Wendy Williams Superintendent	wwilliams@grattonschool.net (209) 632-0505

Plan Summary [2024-25]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Gratton School District is a rural district encompassing just five square miles, serving students from transitional kindergarten through eighth grade. The district includes two schools: Gratton Elementary and Gratton Charter. For the 2023-24 school year, the combined English Learner population at both schools is 5.8%, and 22.3% of students qualify for Free and Reduced meals. Currently, the district does not serve any foster students.

In addition to the core curriculum, all students participate in the STEAM enrichment program, and those in grades 5 through 8 engage in competitive sports. The district employs a Response to Intervention (RTI) program to support students requiring academic or behavioral assistance or differentiation. Furthermore, the district provides onsite support from a Resource Specialist and a Speech Pathologist and has recently added Mental Health Supports. All other Special Education services are provided by a regional provider.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Gratton Elementary only received status in Chronic Absenteeism and Suspension Rate on the 2023 California Dashboard, with all other data points for review falling under Gratton Charter School. For the purposes of reviewing data and determining programming, this document will reflect data points from the Charter School, with the specific areas for the Elementary School also included.

- Chronic Absenteeism Charter: Blue (Very Low) maintained at 0%
- Chronic Absenteeism Elementary: Population too small to be given a Performance Color, declined 18.8%
- Suspension Rate Charter: Yellow (Medium), declined 0.8%
- Suspension Rate Elementary: Population too small to be given a Performance Color, maintained at 0%

- English Language Arts: Green (High) at 32.4 points above the standard, an increase of 3.7 points. The state of California is ranked Low at 13.6 points below the standard.
- Mathematics: Green (High) at 17.8 points above the standard, an increase of 11.1 points. The state of California is ranked Low at 49.1 points below the standard.
- English Learner Progress: Population too small to be given a Performance Color or growth information.

When evaluating growth from the prior year in terms of Decline, Maintain, or Increase, we observed improvement in student achievement in both English Language Arts and Mathematics and maintained a 0% Chronic Absenteeism Rate. Significant effort has been dedicated to Academic Interventions over the past 5-7 years with the maintenance of our Response to Intervention Program. We recognize the increase in Suspension and will address strategies to support students in this area throughout the LCAP. It should also be noted that due to our small population, this increase is the result of one singular suspension.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Gratton School District is ineligible for Technical Assistance.

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

Gratton School District has no schools eligible for Comprehensive Support & Improvement.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

Gratton School District has no schools eligible for Comprehensive Support & Improvement.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

Gratton School District has no schools eligible for Comprehensive Support & Improvement.

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Administrator	As Gratton School District has only one administrator who serves as both the Principal and Superintendent, input is provided during all other Educational Partner meetings.
Teachers & Other School Personnel	<p>Our school has organized our Professional Development calendar to include weekly Staff Development and Department Meetings. During these meetings, we review student data collectively and by specific student groups as it becomes available. This data includes CAASPP scores, the California Dashboard, STAR assessments, and other curriculum-based assessments. These meetings allow staff to provide input on student needs.</p> <p>At these meetings, we hold frequent grade-level span (K-2, 3-5, 6-8) professional conversations with the Principal/Superintendent and Resource Teacher. In these sessions, teacher cohorts review student data and identify additional needs or trends. Through these discussions, staff provides feedback on the effectiveness of current programs, suggesting modifications and determining which programs should continue.</p>
Students	Our Student Council comprises representatives from each upper-grade classroom. In their monthly meetings with their Teacher Advisor, they provide input to the Principal/Superintendent on which activities and programs they find engaging and which they do not.
Parents	We facilitate parent engagement and input through various public meetings, including monthly Board Meetings and Parent Advisory

Educational Partner(s)	Process for Engagement
	<p>Meetings (School Site Safety & Violence, School Site Council, and Title I) held three times annually. Our Parent Advisory Group includes representatives of English Learners and Students with Disabilities. In addition, Parent's Club meetings are held monthly.</p> <p>During these meetings, parents are informed about student successes and needs and are encouraged to provide feedback on programs they find successful and those requiring improvement. Additionally, due to our school's size, we frequently meet with parents individually or in small groups to gather specific input, helping us better develop our programs.</p>
SELPA	Ongoing conversations between our Local SELPA and Principal/Superintendent focus on analyzing the achievement of our students with disabilities. Insights and suggestions from these discussions are shared with our other education
Local Bargaining Unit	Gratton School District does not have a Local Bargaining Unit.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

After reviewing our previous LCAP, we have decided to streamline the new LCAP with two broad goals: 1) Student Academic Achievement and 2) Student Emotional Needs, inclusive of School Climate. We found that this structure better aligns our goals with actions, addressing occasional misalignments in the previous LCAP. As a result, the metrics and actions from our previous three goals will now be integrated into these two overarching goals, as detailed in our 2023-24 LCAP Annual Update.

Our educational partners have emphasized the importance of continuing to focus on English Language Arts to sustain growth and reduce the achievement gaps among at-risk student groups through academic interventions and supports. Additionally, we recognize ongoing social and emotional needs within our student population and will maintain supports to better engage students and families and address behavioral concerns.

The original outline of goals and actions was approved by our educational partners, who agreed that no additional items or modifications were needed. The plan was approved and accepted in its original format.

Goals and Actions

Goal

Goal #	Description	Type of Goal
1	Increase students' academic achievement through highly qualified and trained staff, high quality course offerings, and research based instructional strategies and materials.	Broad Goal

State Priorities addressed by this goal.

- Priority 1: Basic (Conditions of Learning)
- Priority 2: State Standards (Conditions of Learning)
- Priority 4: Pupil Achievement (Pupil Outcomes)
- Priority 7: Course Access (Conditions of Learning)

An explanation of why the LEA has developed this goal.

This goal was developed to meet the requirements of the Williams Act and to monitor student academic success with a goal of increasing achievement as demonstrated on the ELA & Math SBAC, and CAST. This goal will address staff, course offerings, and instructional materials, resources, and supports.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
1.1	Percentage of appropriately assigned and fully credentialed teachers.	100% of credentialed teachers were appropriately assigned and fully credentialed in the 2023-24 School Year.			100% of credentialed teachers are appropriately assigned and fully credentialed.	
1.2	Percentage of students with access to a broad course of study includes ELA/ELD, Math, Science, Social Studies, Physical Education, and Fine Art.	100% of students had access to a broad course of studyincludes ELA/ELD, Math, Science, Social Studies, Physical Education, and Fine Arts in the 2023-24 School Year..			100% of students have access to a broad course of studyincludes ELA/ELD, Math, Science, Social Studies, Physical	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
					Education, and Fine Art.	
1.3	Percentage of students with access to standards aligned curriculum.	100% of students had access to a standards aligned curriculum in the 2023-24 School Year..			100% of students with access to a standards aligned curriculum.	
1.4	Performance Indicator in the areas of Language Arts and Math on the California Dashboard.	As reported on the 2023 California Dashboard: English Language Arts Color Indicator of Green, indicating 32.4 Points Above Standard. Math Color Indicator of Green, indicating 17.8 Points Above Standard.			Performance Indicator in the areas of Language Arts and Math on the California Dashboard will receive a color of Green or Blue.	
1.5	Percent of students meeting or exceeding standard on the CAST.	50% of student population met or exceeded the standards on the 2022-23 CAST.			58% of student population met or exceeded the standards on the CAST.	
1.6	Percentage of English Learners and students with disabilities who receive core instruction.	100% of English Learners and students with disabilities received core instruction in the 2023-24 School Year..			100% of English Learners and students with disabilities receive core instruction.	
1.7	Percentage of English Learner Progress as reported on the California Dashboard.	Population too small to be given a Performance Color or growth information on the 2023 California Dashboard.			N/A due to lack of baseline.	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
1.8	Percentage of Reclassified Fluent English Proficient.	20% of English Learners were reclassified in the 2023-24 school year.			Maintain (20%) or Increase Percentage of Reclassified Fluent English Proficient.	
1.9	Percentage of teachers who receive training in CCSS-aligned curriculum and effective instructional strategies.	100% of teachers received training in CCSS-aligned curriculum and effective instructional strategies in the 2023-24 school year.			100% of teachers will receive training in CCSS-aligned curriculum and effective instructional strategies.	
1.10	Achievement gap between general population and Students with Disabilities will decrease as increases in achievement occur.	<p>As reported on the 2023 SBAC:</p> <p>English Learners</p> <ul style="list-style-type: none"> Population too small to report <p>Socioeconomically Disadvantaged</p> <ul style="list-style-type: none"> -11.1 Points Below in ELA -26.7 Points Below in Math <p>Students with Disabilities</p> <ul style="list-style-type: none"> Population too small to report 			<p>Maintain or Decrease Achievement gap between general population and Students with Disabilities.</p> <p>Socioeconomically Disadvantaged</p> <ul style="list-style-type: none"> -10 Points Below in ELA -25 Points Below in Math <p>Students with Disabilities</p> <ul style="list-style-type: none"> N/A due to lack of baseline 	

Goal Analysis [2023-24]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Not Applicable.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Not Applicable.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Not Applicable.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Not Applicable.

Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Staff Development	Maintain highly qualified staff through access and promotion of research based professional development opportunities aligned with student academic achievement in all content areas: <ul style="list-style-type: none">• Provide and monitor teacher and support staff participation in ongoing professional development.• Ensure qualified teacher participation in an approved Induction Support Program.• Provide training in supporting English Language Development.• Monitor and certify teacher assignment in CBEDs reporting.	\$10,000.00	Yes
1.2	Student Achievement & Development	Increase student achievement and development through enhanced in-class strategies:	\$10,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
		<ul style="list-style-type: none"> • Maintain stand-alone grade levels and support low student-to-teacher ratios to regularly embed in-class interventions for students of need. • Provide access to classroom and/or school libraries which have various ability-level books to meet the needs of all students. 		
1.3	Core Curriculum	<p>Assure that all students have access to the entire curriculum and instruction in all subject areas through a variety of strategies inclusive of:</p> <ul style="list-style-type: none"> • Conduct annual review to verify sufficient quantity of State Standards compliant instructional materials. • Purchase instructional materials and resources aligned to State Standards. • Provide sufficient quantities of State Standard-aligned instructional materials. • Conduct annual review to verify sufficient quantity of State Standard-compliant instructional materials. • Maintain & update curriculum adoptions in alignment with CDE approved adoption cycles. 	\$40,000.00	No
1.4	Supplemental Curriculum	<p>Enhance student learning by incorporating hands-on and interactive learning opportunities which actively engage students in the CCSS. Targeted strategies include, but are not limited to:</p> <ul style="list-style-type: none"> • Embedded Technology use throughout the various content areas. • Supplemental Instructional Materials and Curriculums aligned with grade level State Standards. • Experiential Learning Opportunities aligned with State Standards (ie. field trips, workshops, presentations) 	\$10,000.00	Yes
1.5	Student Data Analysis	<p>Evaluate student progress and achievement through multiple forms of assessment to provide targeted instruction and support:</p> <ul style="list-style-type: none"> • Administer benchmark assessments; analyze results to inform instruction and services. 	\$7,500.00	Yes

Action #	Title	Description	Total Funds	Contributing
		<ul style="list-style-type: none"> Analyze SBAC and CAST results; modify general and intervention instructional practices and programming based on analysis. Evaluate discrepancies within populations to provide targeted support (ie. Data Collaborative Meetings). Monitor implementation of assessments, instructional practices and targeted instruction (ie. Walk-Throughs). 		
1.6	Academic Interventions - Tier I	Supplement Tier I instruction through various research based strategies and programming aligned with the State Standards inclusive of: <ul style="list-style-type: none"> Provide computer based supports which offer individualized student programming through embedded assessments. Purchase instructional materials and resources. 	\$5,000.00	Yes
1.7	Academic Intervention - Tier II & III	Enhance academic achievement by implementing Tier II & III Student Interventions and Programs aligned with the State Standards by incorporating strategies such as: <ul style="list-style-type: none"> Provide Software & Instructional Materials for Instruction. Provide and train Intervention Staff to implement tiered and/or explicit instruction. Provide extended services in and out of the regular school day through identifying student needs, appropriate programming and training staff on implementation. Enhance Specialized Education Instruction (Resource) through maintaining and/or increasing services. 	\$57,287.00	Yes
1.8	English Learner Development	Enhance academic achievement & language development of English Learners through strategic instructional strategies: <ul style="list-style-type: none"> Analyze English Language Proficiency Assessment of California (ELPAC) student scores to identify student needs. Embedded ELD instruction and strategies throughout all core curriculum and content areas. 	\$6,500.00	Yes

Action #	Title	Description	Total Funds	Contributing
		<ul style="list-style-type: none">• Ensure ELPAC administrator participates in training of the purpose, understanding of, and administration of the ELPAC.• Provide ELD Curriculum and/or Software and Web-Based Programs.• Monitor Reclassified as Fluent English Proficient (RFEP) students, identify instructional needs and provide as necessary.		

Goals and Actions

Goal

Goal #	Description	Type of Goal
2	Address students' emotional needs through implementation and enhancement of social emotional supports, student and parent engagement and overall school climate inclusive of facilities.	Broad Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)
 Priority 3: Parental Involvement (Engagement)
 Priority 5: Pupil Engagement (Engagement)
 Priority 6: School Climate (Engagement)
 Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

The goal was developed to monitor student behavior and both parent and student engagement to help promote student social emotional wellbeing and thus student achievement as reported on the California Dashboard in the areas of Attendance, Suspension and Local Indicators. This goal will ensure a safe and positive learning environment for all students, staff and families.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
2.1	Complete monthly Facilities Inspection Checklists and make repairs as needed.	Facilities Inspection Checklists were completed monthly 0-2 findings and repairs made as needed in the 2023-24 School Year.			Facilities Inspection Checklists are completed monthly and repairs are made as needed.	
2.2	Implementation of Parent Survey with emphasis on parents of students with disabilities and unduplicated students.	Baselines are to be established in the 2024-25.			Average Scale of Parents who agree that the School is welcoming = 4.0 or higher	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
	<p>Average Scale of Parents who agree that the School is welcoming.</p> <p>Average Scale of Parents who agree that the School Provides Meaningful Involvement</p> <p>Average Scale of Parents who feel the school is safe.</p>				<p>Average Scale of Parents who agree that the School Provides Meaningful Involvement = 4.0 or higher</p> <p>Average Scale of Parents who feel the school is safe = 4.0 or higher</p>

Required Descriptions

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.1	<p>Action: Staff Development</p> <p>Need: In reviewing the 2023 California Dashboard, we observed the following discrepancies indicating academic needs: ELA: All Students - 32.4 points above standard English Learners - student population too small to report</p>	<p>By prioritizing strong foundational training and ongoing professional development for all educators, we can guarantee UPP students have access to Highly Qualified Teachers.</p> <p>Providing this action LEA-wide ensures all certificated staff have the opportunity to develop their knowledge and skills, a consistent approach to instruction across the LEA, and a shared understanding among educators about how to support students with diverse needs.</p>	<p>1.1 Fully Credentialed Teachers</p> <p>1.8 RFEP Students</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>SED - -11.1 points below standard</p> <p>Math: All Students - 17.8 points above standard English Learners - student population too small to report SED - -26.7 points below standard</p> <p>Scope: LEA-wide</p>		
1.2	<p>Action: Student Achievement & Development</p> <p>Need: In reviewing the 2023 California Dashboard, we observed the following discrepancies indicating academic needs: ELA: All Students - 32.4 points above standard English Learners - student population too small to report SED - -11.1 points below standard</p> <p>Math: All Students - 17.8 points above standard English Learners - student population too small to report SED - -26.7 points below standard</p> <p>Scope:</p>	<p>This action provides a Highly Qualified Teacher at each grade level, maintaining single graded classes, and ensures that unduplicated students also have access to ability level materials within those classrooms.</p> <p>Providing this action LEA-wide guarantees all students benefit from low student-to-teacher ratios and receive explicit instruction in their grade-level content. This approach creates more opportunities for targeted interventions and enrichments tailored to each student's needs.</p>	<p>1.4 California Dashboard ELA & Math Achievement 1.6 ELs & SWD who receive Core Instruction 1.7 EL Progress 1.10 SWD Achievement Gap</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	LEA-wide		
1.4	<p>Action: Supplemental Curriculum</p> <p>Need: In reviewing the 2023 California Dashboard, we observed the following discrepancies indicating academic needs: ELA: All Students - 32.4 points above standard English Learners - student population too small to report SED - -11.1 points below standard</p> <p>Math: All Students - 17.8 points above standard English Learners - student population too small to report SED - -26.7points below standard</p> <p>Scope: LEA-wide</p>	<p>By offering a diverse range of visual, experiential, and interactive learning opportunities, this action caters to diverse learning styles and effectively meets unduplicated students instructional needs.</p> <p>Implementing this action LEA-wide ensures that all students have access to applicable state standards through a current and relatable curriculum, supported by effective instructional resources and strategies tailored to meet individual student needs.</p>	<p>1.2 Access to a Broad Course of Study 1.3 Access to Standards Aligned Curriculum 1.4 California Dashboard ELA & Math Achievement 1.6 ELs & SWD who receive Core Instruction 1.7 EL Progress 1.10 SWD Achievement Gap</p>
1.5	<p>Action: Student Data Analysis</p> <p>Need: Data analysis is necessary to pinpoint students at risk and their specific achievement gaps, which are more prominent in the identified student groups as demonstrated by the following information:</p>	<p>By analyzing student data, we are better able to tailor interventions and supports, maximizing unduplicated student success. To ensure accurate identification of achievement gaps, we analyze data for all students at a LEA-wide basis, allowing us to also monitor intervention effectiveness.</p>	<p>1.4 California Dashboard ELA & Math Achievement 1.6 ELs & SWD who receive Core Instruction 1.7 EL Progress 1.10 SWD Achievement Gap</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>In reviewing the 2023 California Dashboard, we observed the following discrepancies indicating academic needs:</p> <p>ELA: All Students - 32.4 points above standard English Learners - student population too small to report SED - -11.1 points below standard</p> <p>Math: All Students - 17.8 points above standard English Learners - student population too small to report SED - -26.7points below standard</p> <p>Scope: LEA-wide</p>		
1.6	<p>Action: Academic Interventions - Tier I</p> <p>Need: At-risk students are in need of instructional resources that embed ability-driven learning opportunities and research bases instructional strategies to increase equitable-access to curriculum. There need can be observed in the following data:</p> <p>In reviewing the 2023 California Dashboard, we observed the following discrepancies indicating academic needs: ELA: All Students - 32.4 points above standard</p>	<p>Through targeted Tier I learning opportunities and resources, we address the individual needs of unduplicated students. This allows them to build on their existing skills and apply that knowledge to current learning experiences. Our school implements a school-wide Response to Intervention program to fluidly meet the intervention needs of our UPP students and all students, therefore. this action is being rolled out district-wide to serve their needs.</p>	<p>1.4 California Dashboard ELA & Math Achievement 1.6 ELs & SWD who receive Core Instruction 1.7 EL Progress 1.10 SWD Achievement Gap</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>English Learners - student population too small to report SED - -11.1 points below standard</p> <p>Math: All Students - 17.8 points above standard English Learners - student population too small to report SED - -26.7 points below standard</p> <p>Scope: LEA-wide</p>		
1.7	<p>Action: Academic Intervention - Tier II & III</p> <p>Need: At times, students may have gaps in their learning in need of more specific and explicit instructional methods to meet their academic needs that could not otherwise be met through instructional strategies and Tier I interventions. These needs can be observed in the following data:</p> <p>In reviewing the 2023 California Dashboard, we observed the following discrepancies indicating academic needs: ELA: All Students - 32.4 points above standard English Learners - student population too small to report SED - -11.1 points below standard</p> <p>Math:</p>	<p>By implementing this action, we're providing more targeted instructional services to unduplicated students, both within the regular school day and through additional support programs. Our school implements a school-wide Response to Intervention program to fluidly meet the intervention needs of our UPP students and all students, therefore. this action is being rolled out district-wide to serve their needs.</p>	<p>1.4 California Dashboard ELA & Math Achievement 1.6 ELs & SWD who receive Core Instruction 1.7 EL Progress 1.10 SWD Achievement Gap</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>All Students - 17.8 points above standard English Learners - student population too small to report SED - -26.7points below standard</p> <p>Scope: LEA-wide</p>		
2.2	<p>Action: Attendance</p> <p>Need: Data shows our at-risk student groups experience higher absenteeism compared to their peers. Specific Data can be found below:</p> <p>In reviewing the 2023 California Dashboard, we observed the following discrepancies in the area of Chronic Absenteeism: All Students - 0% Chronically Absent (Elementary & Charter) English Learners - Student population too small to report. SED - Student population too small to report.</p> <p>Scope: LEA-wide</p>	<p>Since regular attendance is crucial for academic success, prioritizing strategies to improve attendance is essential for unduplicated students to maintain a strong learning path.</p> <p>This action is implemented LEA-wide because because all students can suffer academic decline when not attending school regularly. This decline could change a students status to academically or behaviorally at-risk, our system is designed to be preventative.</p>	<p>2.5 Suspensions 2.6 Expulsions 2.7 Middle School Drop Out 2.8 Chronic Absenteeism 2.9 Average Daily Attendance</p>
2.4	<p>Action: Student Engagement</p> <p>Need:</p>	<p>By offering activities four our unduplicated students that encourage interaction and relationship building, accessible to all students regardless of language, status, or academic ability, we promote connectedness and engagement with</p>	<p>2.3 Student Survey 2.7 Middle School Drop Out 2.8 Chronic Absenteeism</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>Due to the need to maintain students' attendance, we will continue to increase engagement and connection to the school community which can lead to improved attendance and behavior as indicated by research. Specific Data can be found below:</p> <p>In reviewing the 2023 California Dashboard, we observed the following discrepancies in the area of Chronic Absenteeism: All Students - 0% Chronically Absent (Elementary & Charter) English Learners - Student population too small to report. SED - Student population too small to report.</p> <p>Scope: LEA-wide</p>	<p>the school environment. This is particularly beneficial for our EL and SED students, who are showing higher levels of chronic absenteeism.</p> <p>This action is implemented LEA-wide to foster a strong school community requires an LEA-wide effort to ensure all students feel connected and engaged.</p>	<p>2.9 Average Daily Attendance</p>
2.5	<p>Action: Social-Emotional Development</p> <p>Need: To address the social-emotional and behavioral needs of our diverse student groups, school-based support systems are crucial, as access to these services may be limited outside of the school environment. Our low Chronically Absent rates indicate that the efforts we have made toward supporting Social Emotional and Behavioral Development have been successful and should be continued.</p>	<p>Disruptive behavior can hinder the learning experience through loss of instruction time, reduced student engagement, and by creating a negative classroom environment for all students. To create a positive and inclusive environment, we're implementing these strategies LEA-wide. This will not only promote a well-managed school environment, but also foster a stronger understanding and acceptance of students with exceptional needs.</p>	<p>2.3 Student Survey 2.5 Suspensions 2.6 Expulsions 2.7 Middle School Drop Out 2.8 Chronic Absenteeism 2.9 Average Daily Attendance</p>

	<p>Need: To connect and inform parents/gaurdians of students on their academic and social-emotional progress, we must communicate in various methods to meet the needs of our diverse population</p> <p>Scope: LEA-wide</p>	well-informed and supported. To proactively engage all families and address potential concerns early on, we're implementing this communication initiative LEA-wide. This comprehensive approach will equip families with the information they need, ultimately fostering stronger engagement and potentially reducing the risk of behavioral and academic challenges for students.	<p>2.7 Middle School Drop Out</p> <p>2.8 Chronic Absenteeism</p> <p>2.9 Average Daily Attendance</p>

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
1.8	<p>Action: English Learner Development</p> <p>Need: English Learners are in need of specific and direct instruction targeting their language development, which also impacts their ability to access core curriculum and content. While our student population is too small for formal reporting on discrepancies, we have identified areas of lower success through individual review during our grade-level data analysis meetings.</p>	By identifying specific needs through ELPAC score analysis, embedding ELD instruction across subjects, and providing dedicated support and training for staff, we ensure that students receive continuous, targeted language support. Utilizing specialized curriculum and monitoring RFEP students further reinforces this support, leading to enhanced academic achievement and language development.	<p>1.5 CAST Student Achievement</p> <p>1.6 ELs & SWD who receive Core Instruction</p> <p>1.10 SWD Achievement Gap</p>

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
	<p>In reviewing the 2023 California Dashboard, we observed the following discrepancies indicating academic needs:</p> <p>ELA: All Students - 32.4 points above standard English Learners - student population too small to report</p> <p>Math: All Students - 17.8 points above standard English Learners - student population too small to report</p> <p>Scope: Limited to Unduplicated Student Group(s)</p>		
2.8	<p>Action: Parent Communication - English Learners</p> <p>Need: Our English Learner families need information presented in a manner which is accessible to them, and together with any Foster Youth and Low Income Families they need to be informed of their parent rights and resources available to them.</p> <p>Scope: Limited to Unduplicated Student Group(s)</p>	<p>These strategic actions will promote the participation of parents of English Learners, Students with Disabilities, and economically disadvantaged students by ensuring that information is accessible and clear. Including an English Learner representative on the School Site Council and holding an annual Title I meeting will directly engage these families in the decision-making process. Providing translation for parent conferences and home-school communications ensures that language barriers do not hinder understanding. These measures will help inform families of their rights and available resources, fostering a more inclusive and supportive school community.</p>	2.2 Parent Survey

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Gratton Schools do not receive Concentration Grant Funding.

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students	1:25	
Staff-to-student ratio of certificated staff providing direct services to students	1:14

Local Control and Accountability Plan Instructions

[Plan Summary](#)

[Engaging Educational Partners](#)

[Goals and Actions](#)

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
 - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
 - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
 - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (*EC* sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

School districts and COEs: *EC* sections [52060\(g\) \(California Legislative Information\)](#) and [52066\(g\) \(California Legislative Information\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: *EC* Section [47606.5\(d\) \(California Legislative Information\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062 \(California Legislative Information\)](#);
 - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).

- For COEs, see [Education Code Section 52068 \(California Legislative Information\)](#); and
- For charter schools, see [Education Code Section 47606.5 \(California Legislative Information\)](#).
- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
 - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
 - Inclusion of metrics other than the statutorily required metrics
 - Determination of the target outcome on one or more metrics
 - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
 - Inclusion of action(s) or a group of actions
 - Elimination of action(s) or group of actions
 - Changes to the level of proposed expenditures for one or more actions
 - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
 - Analysis of effectiveness of the specific actions to achieve the goal
 - Analysis of material differences in expenditures
 - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
 - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
 - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
- (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school’s educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school’s educators.
 - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
 - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school’s educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
 - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: EC Section [42238.024\(b\)\(1\) \(California Legislative Information\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.
- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.

- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
 - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:
 - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
 - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

Complete the table as follows:

Metric

- Enter the metric number.

Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
 - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
 - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
 - Indicate the school year to which the baseline data applies.
 - The baseline data must remain unchanged throughout the three-year LCAP.
 - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain

accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.

- If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
- Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
 - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.
 - Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the “**Measuring and Reporting Results**” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
Enter information in this box when completing the LCAP for 2024–25 or when adding a new metric.	Enter information in this box when completing the LCAP for 2024–25 or when adding a new metric.	Enter information in this box when completing the LCAP for 2025–26 . Leave blank until then.	Enter information in this box when completing the LCAP for 2026–27 . Leave blank until then.	Enter information in this box when completing the LCAP for 2024–25 or when adding a new metric.	Enter information in this box when completing the LCAP for 2025–26 and 2026–27 . Leave blank until then.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
 - Include a discussion of relevant challenges and successes experienced with the implementation process.
 - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
 - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
 - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
 - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
 - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
 - The reasons for the ineffectiveness, and
 - How changes to the action will result in a new or strengthened approach.

Actions:
Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.

- For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
- As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
- These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
 - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496 in the Increased or Improved Services section of the LCAP.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
 - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
 - Professional development for teachers.
 - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.
- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
 - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
 - These required actions will be effective for the three-year LCAP cycle.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.
- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

- The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8).

Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***
- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
 - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

- **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
- **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate “All Schools.” If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans.” Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter “ongoing” if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter “1 Year,” or “2 Years,” or “6 Months.”
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
 - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
 - **Note:** Equity Multiplier funds must be included in the “Other State Funds” category, not in the “LCFF Funds” category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA’s LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as

a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.

- As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA’s current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the ‘Contributing to Increased or Improved Services?’ column will need to be checked to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the ‘Contributing to Increased or Improved Services?’ column to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.

- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
 - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
 - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
 - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**

- This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**
 - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- **4. Total Planned Contributing Expenditures (LCFF Funds)**
 - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
 - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
 - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
 - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
 - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
 - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**

- This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
 - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**
 - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.
- **13. LCFF Carryover — Percentage (12 divided by 9)**
 - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

California Department of Education
November 2023
